Hamilton:

I wanted to write a quick note of "thanks" for the work that you and your company provided at my dealership in Greer. Your company's professional technicians responded to my service request very quickly and diagnosed a bad compressor in our service drive air conditioner. Your guys replaced the unit the very next morning, and our employees and customers really appreciated having cool air during last summer's 100-degree weather!

I would recommend your services to anyone in the upstate who may need repair work or new equipment installed in their home or office. Thanks again, and best of luck to you and your company in 2008!

Sincerely,
